Strategic Plan

The college strives to foster holistic student development through the spirit of Swami Vivekananda. Over the years, students from both graduate and post graduate programs have performed excellently under the tutelage of the institution. With changing times, the institution has, at regular intervals, augmented resources available for the students. Most recently, the global epidemic has taught us the value of being adaptable and flexible, in the face of consistently shifting unprecedented circumstances. With these considerations in mind, the college strategy concentrates mainly on three areas:

A) Academic Excellence and Research:

1. The institution will promote academic excellence by encouraging student-centric teaching and implementing digital pedagogies in the classroom.

3. The college will arrange training programmes, webinars, and FDPs, as well as encourage collaborations with other institutions. These programs will cater to the recent changes and challenges faced by the staff and the students.

4. To boost research and innovation, the college will encourage an interdisciplinary approach. The college will create awareness to develop research skills and encourage initiatives to hone research methodologies.

Following activities were conducted to ensure academic excellence and research in the college

    i.   Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

        Refer to criterions-2 (2.3.1)

    ii.   The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners
        Refer to criterions-2 (2.2.1)
    iii.   Teachers use ICT enabled tools for effective teaching-learning process.
        Refer to criterions-2 (2.3.2)

B) Infrastructure Development:

1. The college will continue to invest in the infrastructure (including library and ICT) to ensure the best possible teaching learning experience.

2. The college library will provide access to e-resources via DULS, NList, and Delnet. In addition, remote access to these resources will be made available to the faculty as well as students.

3. The college will promote environment friendly measures and values. For the said purpose, an internal green audit will be conducted, a plastic-free campus will be maintained, and a separate disposal facility for recyclable and non-recyclable items will be provided.

Infrastructure facilities in the college

1) Library is automated using Integrated Library Management System (ILMS)

https://www.vivekanandacollege.edu.in/uploads/iqac/aqar/22-23/Integrated%20Library%20Management%20System%20(ILMS).pdf

2) The institution has subscription for the e-resources
   Refer to criterions-4 (4.2.2)

3) Institution frequently updates its IT facilities including Wi-Fi
   Refer to criterions-4 (4.3.1)

4) Number of Computers
   Refer to criterions-4 (4.3.2)

C) Extension Activities:

1. The college will create an inclusive environment on campus and expand the extension activities.

2. The ideal of collective growth and development via teacher-student synergy in social outreach programs will be professed. In order to do so, staff council committees such as NSS and SOCDC will encourage students and staff to participate in collaborative endeavors to aid the marginalized section of the society.

3. The college will foster initiatives to promote the spirit of civic responsibility in students. Project "HUM" will focus on community outreach projects that aim to reduce the gaps between the mainstream and the marginalized sections of our society.

The Institution's strategic plan stresses holistic development by supporting academic achievement and participation of students in extension and outreach activities. Following are the web links of various extension activities undertaken by the college-

- **Unnat Bharat:** Vivekananda College has successfully registered under the flagship program by Ministry of Human Resources Development (MHRD), Government of India called Unnat Bharat Abhiyan (UBA), with the vision to involve professional and higher educational institutions in the development process of rural areas in the country to achieve sustainable development and better quality of life.

Report of Seminar on "Cyber Law"

" You must be the change if you wish to see in the world ".

On the serene morning of 30th January, 2024 an informative seminar on the topic of "Cyber Law" was conducted by the Social Outreach and Community Development Committee in collaboration with the Delhi State Legal Services Authority. The speaker for the day was Ms. Shisba Chawla who's on record advocate in the Supreme Court of India.

The seminar was conducted to address the growing challenges and legal implications in the digital landscape. She enlightened the students about various types of cyber laws that are taking place around us like phishing, impersonation, online squatting hacking, cyberstalking and identity theft. She encouraged the participants to take necessary action after they face any of these crimes. She mentioned the toll-free number 1930 which works specifically for this purpose.

She also shared a few of her experiences to make the session more interactive and interesting.

The Cyber Law seminar provided a valuable platform for participants to deepen their understanding of the legal aspects of cyberspace. The event contributed to fostering a collaborative approach to address the complex challenges posed by cybercrimes and adapt to the digital environment's dynamic nature.

Entrepreneurship Cell: **Event Title-** "**SAAHAS** Let's think business"

Committee- E-Cell, Entrepreneurship Cell

Convenor- Radhika Srinivasan

A good idea become a great idea only when you let it out. The entrepreneurship cell of the college conducted an Inter-College Business idea competition named as "**SAAHAS** Let's think business" on 19th October 2023 at 10 am in the small auditorium of the college. 15 teams from different colleges participated in the event. The event provided a platform for students to present their entrepreneurial concepts and receive constructive feedback. The competition's success reflected the potential and enthusiasm of the emerging entrepreneurial generation.

Judges for the above competition were

- Mr. Chandan Varshney, Entrepreneur, OnlyHydroponics

- Mr. Devesh Birwal, Assistant Professor, Department of Economics, Delhi School of Economics, University of Delhi.

- Dr. Subhash Chandra, Assistant Professor, Department of Environment Science, Vivekananda College, University of Delhi.

Business idea was assessed based on these 3-criteria presentation quality, feasibility, and innovation.

- **Cultural Participations:** Participation in cultural activities are duly encouraged by the college for the overall development of the students.
