Office Note

Date-04.02.2021

As per University of Delhi notification dated 29/01.2021, all teachers have to be present physically in the college for taking online classes. Uninterrupted net connectivity is required all over the college building (in all classrooms). There is no internet facility available in the new building. Complaints from teachers and students have been received about disrupted net connectivity even in the old building. In this situation, there is an urgent requirement for additional net connections, especially in the new building.

The net connection service is not available on GeM. This needs to be purchased from market.

EXCITEL BROADBAND was approached to provide a solution. As per M/S A S Infotech, the local service provider vendor of EXCITEL BROADBAND, four new net connections of 300 Mbps speed would supply the required bandwidth for smooth net connectivity. Their plan detail and other expenses are as follow:

S. No.	Discription	Charges	GST @ 18%	G. Total
1.	One time Divice Charge Refundable on return of device/ router without any physical damage	Rs.2000/-	N. A.	Rs.2000/-
2.	One time installation Charge	Rs.500/-	N. A.	Rs.500/
3.	1 month Plan	Rs.899/-	Rs.162/-	Rs.1061/-
4.	3+1(4) month Plan	Rs2542/-	Rs.458/-	Rs.3000/-

To meet the needs of the college, four (3+1) months plan seems feasible. As per need of College and above details, the cost of four new net connections for four months i.e. from Feb 2021 to May 2021 is Rs. 22,000/-{(Rs.2000/- + Rs.500/- +Rs.3000/-)X4 =Rs.22,000/-}

May allow to purchase four new net connection of four (3+1) months plan, i. e. from Feb. 2021 to May 2021 from M/S A S Infotech, the local service provider vendor of EXCITEL BROADBAND @ cost of Rs. 22,000/-.

Submitted please.
